## CIDB REGISTER OF PROJECTS COMPLIANCE MONITOR; JULY 2020

The *cidb Register of Projects Compliance Monitor* provides indicators of the level of compliance and non-compliance with the Register of Projects by client bodies. These indicators can be used by clients to verify their non-compliance with the *cidb* regulations, and for the *cidb* to support enforcement actions and sanctions.

This *Compliance Monitor* is being rolled-out incrementally, and currently focuses on:

- selected national and provincial infrastructure departments;
- public entities; and
- Metropolitan Councils.

The *Compliance Monitor* has been restructured, and now only focuses on tender awards and contract closure.

### 1. Introduction

Information on tender awards and project closure is of paramount importance to the *cidb*, and provides the basis, amongst others, for:

- gathering reliable information on public sector construction expenditure, at a municipal and provincial level and at various tender Grades;
- assessing supply and demand in the construction industry;
- promoting and increasing transparency and accountability in construction procurement;
- monitoring and assessing the level of expenditure (through main contracts) on black-, women- and youth-owned construction enterprises; and
- monitoring compliance with and the impact of *cidb* Best Practices.

The Construction Industry Development Regulations of 2004, as amended, were developed in terms of the CIDB Act 38 of 2000 to support the above objectives. In terms of these Regulations, employers in the public sector must comply with requirements for project registration, award and closure as follows:

- a) for the public sector, on projects of which the value exceeds R200 000.00; or
- b) for a public entity listed in Schedule 2 of the Public Finance Management Act, on projects of which the value exceeds R10 million.

Specifically, in terms of the CID Regulations, employers (or clients) must currently comply with the following:

- a) registration of employers and employer's representatives on the *cidb Register of Projects* in terms of Clause 20;
- b) advertisement of tender invitations *cidb Register of Projects* in terms of Clause 38(6) (transitional measure);
- c) registration of the tender award in terms of Clause 18; and
- d) contract completion or cancellation in terms of Clause 21, once the transitional measures have been removed.

In the case of the public sector organisations and public entities, non-compliance with the CID Regulations must in terms of Clause 21(4) be reported to the Auditor General, and can also result in fines being applied.

It is the cidb's aim and objective that this *Compliance Monitor* will contribute to improving compliance with the CID Regulations with regard to the registration of tender awards and contract completion – and thereby contributing to a better understanding of public sector infrastructure spend and the development of the construction industry.

The cidb Register of Projects is also closely aligned to the National Treasury Central Supplier Database. As of 1 April 2016, National Treasury has introduced the Central Supplier Database (CSD) as a single consolidated comprehensive database for national, provincial or local government in order to remove duplication and fragmentation of supplier information across spheres of government. This database applies to all services including construction.

The National Treasury eTender Publication Portal also forms part of this consolidation, and gives free access to public sector tender opportunities in South Africa. It was established to deal with corruption and to bring transparency to supply chain management. It requires all public sector clients to publish their tenders notices and tender awards on a single platform. Due to the introduction of these regulations by National Treasury, cidb will therefore no longer be reporting on the advertisement of tender notices on the cidb iTender/ Register of Projects within the *Compliance Monitor*.

## **2. Background and Analysis for Compliance Indicators**

The background and key assumptions used in developing and in interpreting the compliance indicators used in the *Compliance Monitor* are highlighted below.

### **2.1 Tender Awards**

Indicators of compliance with the CID Regulation requirements for notification of tender awards are obtained in terms of the total number of tender notices recorded on the cidb *Register of Projects* and which have been recorded as having been awarded. To allow for the time lag between advertisement of tenders notices and award, tender notices issued within 90 days of the date of issue of this *Compliance Monitor* are excluded. Furthermore, tender notices which are cancelled or withdrawn are excluded. A four quarter rolling total is used.

Note that the compliance indicator does not take into account any lack of compliance with the CID Regulations requirements for recording tender notices on the cidb *Register of Projects* or the National Treasury eTender Portal.

Additional indicators of compliance with the CID Regulation requirements for notification of tender awards will be included shortly, including a comparison between tender awards recorded on the cidb *Register of Projects* and the National Treasury eTender Portal.

### **2.2 Contract Completion**

Although not a mandatory requirement yet in terms of the CID Regulation until the removal of the transitional measures, indicators of tenders awarded but not yet completed are included. To allow for the time lag between award or registration of projects and contract completion, tender awards or projects registered within 90 days for non-term contracts and 180 days for term contracts of the date of issue of this *Compliance Monitor* are excluded. Furthermore, tender awards which are cancelled are excluded. A four quarter rolling total is used.

The indicators of contract completion are given separately for non-term contracts and term contracts. Non-term contracts are contracts which have a duration of shorter than a year and term contracts are contracts which are longer than a period of one year.

### 3. Tender Awards

Indicators of non-compliance with the requirements for the award of tenders are given on the following pages, in which the number of tender notices recorded on the cidb Register of Projects but which have not been recorded as being awarded for the period 2018Q4 to 2020Q1 are given. Note that entities with low numbers of tender notices recorded on the cidb *Register of Projects* are not reported on – which could itself be an indicator of non-compliance. Furthermore, compliance ratios for a particular quarter denoted as “-” indicates where no tender notices are recorded for the four quarters under review – which again could itself be an indicator of non-compliance.

Overall, it is seen that compliance ratios with the requirements for the award of tenders varies typically from 17% to 37%, with the highest ratio of compliance being for national and provincial departments.

Low levels of compliance for the period 2018Q4 - 2020Q1 are seen for:

- eThekweni Metropolitan Municipality
- Umgeni Water
- Department of Agriculture, Rural Development Land and Environmental Affairs; Mpumalanga
- Department of Co-operative Governance and Traditional Affairs; KwaZulu-Natal
- Department of Education; Free State
- Department of Education; Limpopo
- Department of Health; Free State
- Department of Health; North West

- Joburg Market
- Independent Development Trust (IDT)
- Eskom Holdings Limited
- Mandela Bay Development Agency
- Magalies Water
- Transnet Property

- Department of Public Works; North West
- Roads Agency Limpopo

Relatively high levels of compliance for the period 2018Q4 - 2020Q1 are seen for:

- Department of Education; Northern Cape
- Department of Human Settlements; Free State
- Pikitup (Pty) Ltd

Details of individual tenders notices not awarded are available from the cidb on request.

## 4. Contract Completion

Indicators of tenders awarded but not yet completed are given on the following pages, in which the number of tender awards recorded on the cidb Register of Projects but which have not been recorded as being completed for the period 2018Q3 to 2019Q4 are given for non-term contracts and 2018Q3 to 2019Q2 for term contracts. Note that entities with low numbers of tender awards recorded on the cidb *Register of Projects* are not reported on – which could itself be an indicator of non-compliance. Furthermore, compliance ratios for a particular quarter denoted as “-” indicates where no tender awards are recorded for the four quarters under review – which again could itself be an indicator of non-compliance.

### 4.1 Non-Term Contracts
