

Compiler guidance note

Component document: E3 - Indicative scope of work

Function and broad outline of contents

Indicates to respondents what the contract is likely to entail so that they can make an informed decision as to whether or not they wish to respond and if so, to structure their submission around the likely demands of the project.

Notes

The Standard for Uniformity in Construction Procurement has no requirements for the indicative scope of work

Commentary:

Where necessary, a description of the indicative scope of work shall be provided to enable respondents to understand the nature of the work and the likely demands that will be placed on their resources so that they can respond accordingly.
