Title	Synopsis
<p>SANS 294, Construction Procurement processes, procedures and methods</p>	<p>This standard provides processes, methods and procedures for the establishment within an organization of a procurement system that is fair, equitable, transparent, competitive and cost effective. It:</p> <ul style="list-style-type: none"> a) describes generic procurement processes around which an organization may develop its procurement system; b) establishes minimum requirements for the conduct of an organization's employees, agents, board members and office bearers when engaging in procurement; c) establishes the framework for the development of an organization's procurement policy including any preferential procurement policy; d) establishes generic methods and procedures for procurements including those pertaining to disposals; and e) provides standard conditions of tender and conditions for the calling for expressions of interest.
<p>SANS 1914-1, Resource Standard for the Participation of targeted enterprises</p>	<p>These six standard targeted construction procurement standards:</p> <ul style="list-style-type: none"> • describe the general requirements for engaging targeted enterprises and / or targeted labour on a contract for the provision of supplies, services or works, as relevant; • specify the contract participation goal (the value of a percentage of the value of the contract which represents the inputs of targeted enterprises and/or targeted labour in the performance of the contract); • set out the methods by which the contract participation goal will be measured, quantified and verified in the performance of the contract; • describe the means by which: • progress towards the attainment of the contract participation goal is to be monitored; • compliance with requirements will be verified and monitored; and
<p>SANS 1914-2, Resource Standard for Participation of targeted partners in joint ventures</p>	
<p>SANS 1914-3, Resource Standard for Participation of targeted enterprises and targeted partners in</p>	

joint ventures	<ul style="list-style-type: none"> the contract participation goal will be adjusted to accommodate variations to the scope of the contract.
SANS 1914-4, Resource Standard for Participation of targeted enterprises and targeted labour (local resources)	
SANS 1914-5, Resource Standard for Participation of targeted labour	
SANS 1914-6, Resource Standard for Participation of targeted enterprises in concession contracts	
SANS 1921-1, Construction and Management Requirements for Works Contracts: Part 1: General	This standard establishes general construction and management requirements, which are applicable in a wide range of engineering and construction works contracts
SANS 1921-3, Construction and management requirements for works contracts, Part 3: Structural steelwork	This specification contains requirements for managing the fabrication and erection of structural steelwork.
SANS 10403, Formatting and Compilation of Construction Procurement Documents	<p>This standard establishes at both prime and subcontract level:</p> <ul style="list-style-type: none"> a uniform format for the compilation of procurement documents for supplies, services and engineering and construction works contracts; and the general principles for compiling procurement documents in respect of supplies, services and engineering and construction works.
SANS 10396, Implementing Preferential Procurement Policies Using Targeted Procurement Procedures	<p>This standard:</p> <ul style="list-style-type: none"> sets out the issues and principles which should be considered when formulating preferential procurement policies and developing associated implementation mechanisms; sets out the principles associated with the engagement of targeted enterprises and targeted labour; establishes a range of techniques and mechanisms which may be used to provide a framework within which access to markets for targeted enterprises and / or targeted labour can be provided and goals relating to the engagement of such enterprises and / or labour can be set, monitored and evaluated at both project and programme level; establishes targeting frameworks and strategies which can be used with a number of different procurement regimes; describes techniques for the monitoring and evaluation of the outcomes of a preferential procurement policy; provides guidance as to how targeted procurement procedures can

	<p>be activated in procurement documents; and</p> <ul style="list-style-type: none">• provides guidance on the design and implementation of programmes associated with the implementation of a preferential procurement policy.
