Department of Public Works and Infrastructure Deputy Minister, Sihle Zikalala, to celebrate excellence at ERWIC Awards

19 August 2024: Department of Public Works and Infrastructure Deputy Minister Sihle Zikalala will honour the outstanding achievement of women in the construction industry when he delivers his keynote address at the cidb's 5th Annual ERWIC Awards taking place @Sandton Hotel, Benmore Road, on Thursday, 22 August 2024.

The cidb ERWIC Awards have emerged as a groundbreaking celebration in the construction industry, transforming the landscape for women in a field long dominated by men. Now in its fifth year, this prestigious event is not just an awards ceremony; it is a movement aimed at empowering women and reshaping industry norms.

The awards highlight the extraordinary achievements of women who are breaking barriers and redefining roles within construction. By recognising excellence and fostering a culture of support among stakeholders, the ERWIC Awards serve as a catalyst for professional growth and development. They shine a spotlight on inspiring role models in lower-grade construction categories, while also motivating women in higher grades to reach new heights.
